# 1965 GOFFSTOWN ANNUAL REPORTS

Gentlemen:

I respectfully present this, your Annual Report for 1965. This has been a dynamic year of changes which I have attempted to reflect in your Report.

The objective is to illustrate as clearly as possible, **existing conditions**, accomplishments and needs.

We are all aware of past conditions and accomplishments. Needs will vary from group to group, but the major needs are apparent. We need suitable land for industrial and business use and we need equalization of taxes.

Not until the tax base is broadened and revitalized and not until taxes are equitable, will there be relief to you, the homeowner, from the spiral of increasing cost.

Respectfully yours,  
Henry W. Scribner  
Town Manager

## TOWN MANAGER'S REPORT

# SELECTMEN'S REPORT

Our Town has seen changes this year that will shape its future for years to come.

Transportation has been vastly improved by the completion of Rte. #114 By-pass. This vital link improves our connection with the mushrooming expansion of the Manchester region.

Our new street in Pinardville has greatly improved one of the main approaches to Town, contributing to our growing image of an emerging, progressive community. Construction was continued on Gaffstown Back Road, serving to accelerate development of the East Part.

An Industrial Development Commission was named and is actively working to develop potential industrial sites.

We are developing what we consider to be a workable plan which could result in a solution to some of our problems here in the Village; parking, traffic, low values. We have and will continue, to work very closely with all citizens involved in this planning.

We have conducted fifty regular meetings and twelve specials, and have attended several with other City and Town officials. In December we started conducting occasional open-to-the-public meetings. We found them very helpful in sensing your needs, and will continue our open approach in carrying out our responsibility to you, the people.

The increasing cost to educate our children, provide other services required, and meet the financial requirements of the Town are of great concern to us. It is our sincere belief we must follow up our property mapping program with an equalization of taxes.

We must know we are all paying our fair share, and that the Town is receiving a fair tax on all of the property within the Town.

## REPORT OF LIBRARIAN

This has been a very busy year, even though we note a decrease in circulation figures. We feel that this is due in large measure to the present lack of good, interesting fiction being written.

National Library Week was observed in April with special book displays in the Library. An evening Film Program was presented by Mrs. Rachel Sanborn, our State District Consultant. This was greatly enjoyed by all who attended.

The Summer Reading Program proved very popular as always and a larger percentage of children completed the requirements this year. There were 78 children who read 10 or more books as outlined on our program. We are very grateful to Mr. & Mrs. Prugh, who sponsor this each year.

In November, the District Book Meeting for the State Wide Library Program was held at our library, with several neighboring librarians in attendance.

The Kindergarten and various elementary school classes have visited during the year. We continue to round out the school library collections by providing regular class room loans to several teachers. We have had a number of story hours for the pre-school children.

At present, we are handicapped greatly by the lack of adequate shelving for the books. We have increased demands for more information, due to wider reader interest, so the need for more books is greater.

## TRUSTEES' REPORT

The Goffstown Library deeply appreciates the interest and generosity expressed in the Shirley Club's donation which was used to purchase children's books, and for the yearly donation of Mr. and Mrs. David Prugh in abetting the Children's Reading Program. Continued interest of the Goffstown Garden Club provided the colorful flowers on the front lawn with the side hedges.

The new card catalogue file supplemented a need in the adult room whereby the children's dilapidated file could make use of the adult discarded file. A suggestion box was placed in the lobby which we hoped would stimulate our patrons use for the betterment of the Library and its functioning.

Major improvements included exterior painting, and joining the Statewide Library Development Program. Advantages of the latter facilities would be in centralized ordering, cataloguing and reduced book costs. The Trustees also voted to derive mutual benefit in joining the New Hampshire Trustee's Association.

Crowded conditions necessitate planned remodeling and major consideration essential to the growth and community needs. We are grateful to the estates of Ethel B. Greer and Harry Knox for helping to meet that need.

# POLICE DEPARTMENT

There are 25 Auxiliary Officers on the Goffstown Police Department; they are as follows: Sgt. Robert Lambert, Officers William Holt, Barry C. Morgrage, Kendrick Lyans, Bernard Annis, Curtis Duclos, Richard Duclos, William Burns, R. Bruce Hale, Nelson Mac-Askill, Thelbert Rogers, James Rogers, Harry Simpson, Edward Clark, Donald Gagnon, Robert Mitchell, Robert Pare, Arthur Lafreniere, Eugene Haitt, Roland St. Hilaire, Raymond Mailloux, L. Joseph Perry, Robert Berlingame, Ernest Mignault and Policewoman, Rolande Wike.

The Town is proud to have these men on the Auxiliary as they have contributed a lot of their free time in the interest of the Police Department.

The Police Department's K-9 Corps was started in 1963. The Officers of the K-9 Corps are: Chief Wike and Police Dog, Sarge, Sgt. Henri Maquin and Police Dog, Rex, and Officer Gerard Bussiere and Police Dog, Rusty, the latter being the newest member of the Corps. replacing former Chief Earle Dubois and his dog, Lady, who retired in January 1965. The dogs have received excellent training and have proved this by getting credit for capturing seven escapees from the County Farm; locating a missing child, and apprehending seven subjects wanted for assault and battery who had scattered in different locations. With one hundred twenty-five business establishments to check nightly, the dogs are an asset to the Officer on night duty because of their keen senses, and are also an asset as a deterrent to crime.

The past year the Police Department, with the time and effort donated by the Auxiliary, was able to set up a Photography Room which is located in the Court House Building adjacent to the Court Room, making it possible for them to process their own films and photos for half the cost to have this done through a professional photo company. The majority

of the photographic equipment was donated to the Police Department by merchants.

The past year the Police Department has been conducting its own Criminal Investigation work, whereas in the past years the State Police would be called in for aid. This work consists of taking fingerprints, lifting latent prints and obtaining footprint and tireprint impressions with plaster of paris at the crime scene.

The past year a Police Cadet Program was started. Under this program a man is able to obtain training and knowledge, and to acquaint himself with the duties of a patrolman before he is hired in the capacity of a patrolman. He is first hired to work in the Communications Department, dispatching radio calls to the officers in the cruisers, typing reports, and learning the filing system. When the Police Department has a position open for a Patrolman, he is the one who is appointed. Officer Gerard Bussiere and Officer Robert Gaulette are the first two men who started under the Cadet Program and are now Patrolmen.

The past year has seen a major increase in activity for the Officers of the Goffstown Police Department.

The accompanying report was compiled from the records of the following Police Officers: Chief Robert J. Wike, Sgt. Henri Maquin, Officers Gerard Bussiere and Thomas Haitt.

## Remarks:

With the new dumping arrangements, dump fires have decreased from a number of 30 in 1964, compared to 7 in 1965. It is anticipated that there will not be any in 1966.

## 1965 REPORT OF BARNARD TRUSTEES

The 1965 Season at Barnard Playground was marked by innovations and changes that started a long-range plan to improve recreational facilities and programs.

Leon Konieczny was appointed as recreational director for the entire town and was given full authority to purchase supplies and equipment, schedule a program of events at Barnard Playground, and oversee the activities at Pinardville. The events at Barnard attracted the younger group and was well attended throughout the summer. One of the highlights of the summer, Parents Night, gave an insight into the needs, as well as the accomplishments, of the youngsters of Goffstown.

It is the opinion of the Barnard Trustees that the following improvements be made in 1966:

- I. A basketball court be constructed and fenced to protect it from misuse.
- II. Move the play area to the recently purchased land behind the tennis courts.
- III. Lighting of tennis courts and grading between and on each side to prevent injury of players.
- IV. Construction of a parking area where the play area is now located.

Respectfully submitted,  
Harry J. Anslow  
Chairman

BASKETBALL AT THE GYM

Following approval at the 1965 Town Meeting of the mapping program and the comprehensive planning program, the Selectmen immediately proceeded to arrange for the complete mapping of the town. The Planning Board then commenced the preliminary steps toward completion of the contract to carry out the comprehensive planning program. The final contract with the Sewall Company, the Federal Government, and the State, was finally approved in January. The Board, the Selectmen, and individuals of the town will be asked to cooperate in bringing together the information, ideas, and opinions, necessary to carry out this program.

During the year nine meetings of the Board were held. One was held in conjunction with the Library Trustees to discuss physical facilities necessary for the library needs of our growing town. Another was held with the Manchester Metropolitan Planning Group, which has resulted in a proposal in our 1966 Town Warrant to join with the Metropolitan Planning Commission and raise funds for our share of the program. Another meeting was held in Salem where we reviewed that town's activities in zoning, planning, and building code. This meeting inspired the proposal to

adopt the National Building Code which will be acted upon at our coming town meeting.

We have been saddened by the loss of a member of our Board, Albert Lamothe, who has served continuously for over 20 years since the inception of the planning board in Goffstown. His continued unselfish interest in town affairs will be missed by all of us.

By the time of Town Meeting the Zoning Ordinance will have been in effect for five years. At that time any signs on private property or on the highways which do not conform with the Ordinance must be removed. This means that in Residential areas the only sign permitted will be one of no more than four square feet indicating the name of the occupant or use of the premises, and "For Rent" and "For Sale" signs. In other areas no sign shall exceed 20 square feet, and all commercial signs on the highway are to be removed. It is hoped that all citizens of the town will cooperate so that the burden on the Selectmen to enforce the ordinance will be a minimum.

Goffstown Planning Board  
David V. Prugh, Clerk

# PLANNING BOARD

The increased activity of the Zoning Board of Adjustment during 1965 is a good indicator of the increasing interest in putting Goffstown property to productive use.

The Board heard forty seven cases during the year—an increase of twelve over the number of cases heard in 1964.

Of the cases heard, twelve were for permits to build new dwellings, thirteen were for permits to build additions to existing dwellings, ten were for permits to establish new places of business or to build additions to existing businesses, four were for permits to display signs, three were for permits to maintain junkyards, and five were for permits to maintain mobile homes.

The Board has found the Zoning Ordinance to be a flexible, effective instrument with which to control, but not unreasonably restrict the growth of the Town of Goffstown.

William S. Orcutt, Secretary

The elementary school facilities, grades 1 through 6, are within approximately one hundred pupils of capacity, the upper elementary (grades 7 and 8 in the former high school) can accommodate one hundred additional pupils and the high school can accommodate the projected in-line enrollments of the Goffstown schools and the tuition pupils of Dunbarton and New Boston for the foreseeable future.

The year 1965 will be a memorable one in the history of Goffstown with the completion and dedication of the new million dollar Goffstown High School. Dr. Albert F. Snay, M.D., School Board Member during the planning of the school, served as chairman for the dedication exercises on Dec. 5, 1965. Dr. Thaddeus Seymour, Dean of the College, Dartmouth College, Hanover, New Hampshire, gave the Dedi-

catory Address in which he related the challenges that the youth of today face and expressed confidence in the ability and preparation of the youth of today to overcome obstacles and create a better tomorrow for the twenty-first century. Mr. Paul H. Bailey, Commander of Veterans of Foreign Wars Local Post 7015 presented a flag for Goffstown High School. Robert Pakigo, Contractor and Alexander J. Majeski, Architect presented the keys to Emile Bourque, Chairman of the Goffstown School Board.

The Honorable John W. King, Governor of New Hampshire, (a Goffstown resident) extended his congratulations to the citizens of Goffstown for investing in the community's most valuable resource, the youth of Goffstown. The invocation was given by Rt. Rev. Monsignor Lorenzo J. Lacasse, St. Lawrence Roman Catholic Church and the benediction by the Rev. Rodman D. Cart, Goffstown Congregational Church. Attorney Richard C. Kohls, School Board Member, was general chairman of the Dedication Program and received the enthusiastic assistance of many citizens of the community.

The schools of Goffstown are staffed with 70 dedicated teachers and principals. Additional teachers will be needed next year to relieve the heavy pupil load at the high school and elementary school levels. Each school has a full time supervising principal charged with the responsibility of the school. This responsibility encompasses the overall tone of the school from a standpoint of supervising the teachers and students to assure that an effective educational unit is maintained with good pupil and teacher morale. The principal further acts as a catalyst to give sound educational leadership and inspiration to teachers and pupils alike. The role of the supervising principal is most important in that he deals directly with the day by day effort of the pupils and teachers. In the last three years we have added two full-time supervising principals in the five schools of Goffstown. The White School is currently under the supervision of Mr. Brendle of the Maple Avenue School.

Having added two new buildings in Goffstown in less than three years, the \$175,000 Bartlett School Addition and the million dollar high school, the next step should be the full utilization of all the facilities and resources to provide the finest educational program that we can make available.

This would range from added subjects to challenge the best minds in town to additional special classes to cater to the needs of the academically less fortunate.

The current salary schedules necessitate careful evaluation in the light of the fact that two years ago our salaries exceeded those in Manchester but today Manchester salaries exceed those in Goffstown. To attract and retain a competent staff we must remain competitive with Manchester and other New Hampshire communities. The citizens of Goffstown, the School Board and the Budget Committee have consistently dealt with this problem with sympathetic understanding.

In the near future we will need additional art and music services, health services, and elementary and secondary guidance services, as the enrollment approaches a 2000 pupil mark within a very few years.

The work of curriculum development will require the dedicated services of teachers, administrators and the community to properly develop a curriculum to satisfy the needs of students who will live in the twenty-first century.

I wish to extend my appreciation for the support and cooperation extended to the administration by the principals, teachers, pupils and citizens of Goffstown as well as for the loyal support of the Supervisory Union office personnel, Spiro Anastos, Assistant Superintendent of Schools and Mrs. Ruth Henk and Mrs. Harold Smith of the office staff.

Respectfully submitted,

ERNEST PELTONEN  
Superintendent of Schools
